

CITY OF CANNON BEACH

NOTICE OF APPLICATION TO REMOVE TREES IN THE STREET RIGHT-OF-WAY OR PROPERTY OWNED BY THE CITY

The City of Cannon Beach has made an application for the removal of three (3) Douglas fir (*Pseudotsuga menziesii*) on property owned by the City. The affected trees are located within the City Right-of-Way (ROW) inside of the RV Park, located at taxlot number 51029BD00102.

The request for tree removal is made based on Municipal Code Section 17.70.020 A, "Removal of a tree which poses a safety hazard." Municipal Code Section 17.70.030 I, Additional Requirements, states for tree removal requests of trees located in a street right-of-way, or on property owned by the city, property owners within one hundred feet of the tree(s) requested for removal shall be notified of the proposed action. The notification shall also be posted on the city's website, and on the bulletin board at City Hall, and at the Post Office. In making its decision on such a tree removal request, the city shall consider comments received within ten days of the date of the mailing of the property owner notification. To be considered, comments must address the tree removal criteria of Section 17.70.020.

Correspondence regarding this matter should be mailed to: City of Cannon Beach, Attention: Tessa Schutt, PO Box 368, Cannon Beach, OR 97110. Further information regarding this application is available at City Hall, 163 E. Gower Street, Cannon Beach, or by calling, (503) 436-8048.

DATE NOTICE MAILED: 01/03/23

City of Cannon Beach Right-of-Way/Property Owned by the City Tree Removal Application

Please fill out this form completely. Please type or print.

Applicant Name: City of Cannon Beach

Mailing Address: P.O. Box 368, Cannon Beach, OR 97110

Phone: (503) 436-8048 Email: schutt@ci.cannon-beach.or.us

Abutting Property Owner Name: City of Cannon Beach; Logan, Ronald

Mailing Address: P.O. Box 368, Cannon Beach, OR 97110; PO Box 153, Cannon Beach, OR 97110

Phone: _____ Email: _____

Property Location: RV Park **Map/Tax Lot Number:** 51029BD00102

The city shall issue a tree removal permit if one of the following criteria is met. Please circle the letter of the criteria that applies.

These criteria require a Tree Removal Report from an International Society of Arboriculture (ISA) Certified Arborist:

- A. You are constructing a structure or development approved and allowed by pursuant to Cannon Beach Municipal Code 17.70.030, which involves any form of ground disturbance; including required vehicular and utility access. **SEE ATTACHMENT A – Removing Trees Because of Construction.**
- B. Removal of a tree for the health and vigor of surrounding trees.

These criteria require an ISA Tree Hazard Evaluation Form prepared by an ISA Certified Arborist:

- C. The tree presents a safety hazard, where:
 - 1. The condition or location of the tree presents either a foreseeable danger to public safety, or a foreseeable danger of property damage to an existing structure; and,
 - 2. Such hazard or danger cannot reasonably be alleviated by pruning or treatment of the tree.
- D. The tree was damaged by storm, fire or other injury, which cannot be saved by pruning.

You must submit a tree removal permit with a reason if:

- E. The tree is dead.
- F. Tree removal is necessary to provide solar access to a solar energy system where pruning will not provide adequate solar access:
 - 1. The city may require documentation that a device qualifies for Oregon Department of Energy Solar Tax Credit, or other incentive for installation of solar devices offered by a utility.
 - 2. No tree measuring more than 24 inches in diameter shall be removed for solar access.
- G. Tree removal is for landscaping purposes, subject to the following conditions:
 - 1. The tree cannot exceed 10 inches in diameter.
 - 2. A landscape plan for the affected area must be submitted and approved by the City.
 - 3. The landscape plan must incorporate replacement trees for the trees removed. The replacement trees must be at least six feet in height or have a two-inch caliper; and,
 - 4. The City shall inspect the property one year after the approval of the permit to ensure the landscape plan has been implemented.

If your tree presents an immediate danger of collapse and if such potential collapse represents a clear and present hazard to persons or property, **please contact the Community Development Director (CDD)**. If it is determined by the CDD that there is an immediate danger, then a tree removal permit is not required prior to tree removal. However, within seven days after the tree removal, the tree owner shall make application for an after-the-fact permit. Where a tree presents an immediate danger of collapse, a complete ISA Tree Hazard Evaluation Form prepared by a certified arborist is not required. Where a safety hazard exists, as defined by this subsection, the city may require the tree's removal. If the tree has not been removed after forty-eight hours, the city may remove the tree and charge the costs to the owner.

Attach a site plan showing the location and type of all trees on the property, including the trees to be removed. Indicate the location of replacement trees and the type. SEE ATTACHMENT B – Site Plan. Attach photos of the trees to be removed and mark the trees with ribbon.

Explain how the request meets one or more of the applicable criteria. Include the number and type of trees requested for removal. If appropriate, explain why pruning would not accomplish the same goal as tree removal.

Application fee: \$50.00 for 1-4 trees; \$100 for 5 or more trees

Note: The application fee is a **nonrefundable** fee that is due upon receipt of application, whether the removal request is approved or denied.

Municipal Code Section 17.70.030.I. For tree removal requests of trees located in a street right-of-way, or on property owned by the city, property owners within one hundred feet of the tree(s) requested for removal shall be notified of the proposed action. The notification shall also be posted on the city’s website, and on the bulletin board at City Hall, and at the Post Office. In making its decision on such a tree removal request, the city shall consider comments received within ten days of the date of the mailing of the property owner notification. To be considered, comments must address the tree removal criteria of Section 17.70.020. Any person who has commented on the tree removal request shall be notified of the city’s decision and may appeal that decision in accordance with subsection H.

Applicant Signature Trevor Mount Date: 01/03/2023

I understand, as the applicant signature, the cost of the tree removal and cleanup is my full responsibility and I am responsible if an approved tree removal permit is violated in any way. I must comply with all City requirements included with the approval, and I must notify the City 48-hours prior to the removal.

Date: _____ Fee Paid: \$ _____ Receipt Number: _____ Permit #: _____

Date Notice Mailed: 01/03/2023 Date of 10-day waiting period: 01/13/2023

Comments Received: Yes No Application is: Approved Denied

Approved - Tree replacement required per Cannon Beach Municipal Code 17.70.040, Tree Replacement Policy.

Approved with comments:

By: _____ Date: _____

Decisions on the issuance of a tree removal permit may be appealed to the Planning Commission in accordance with Section 17.88.140 a, of the Municipal Code.

Hazard Tree Inspection - RV Park

Per your request, I evaluated the hazard potential of 3 trees located at the Cannon Beach RV Park. After visually examining the trees and site, I recommend the three trees be removed as they are dead. Please find the included site map, photograph, and ISA Tree Hazard Evaluation Form for reference.

All three trees are Douglas fir (*Pseudotsuga menziesii*), and are approximately 22" in DBH and 45' tall. The trees are located within the City RV Park and a map is attached. All three trees are completely dead and should be removed as they pose a danger to park users. Consider replanting the sites with Western redcedars (*Thuja plicata*).

Best regards,
